

The Sanlam Escalating - Diversified Wealth Builder Fund provides investors with exposure to the Diversified Wealth Builder Fund and to cash, as well as a guarantee that the value of Escalating units will always be at least 80 percent of the highest ever unit price ever achieved.

## Working of the Escalating Fund

The Escalating Fund offers a built-in guarantee. This guarantee is offered by Sanlam Developing Markets Limited. The guarantee will ensure that the unit price of the Escalating Fund will always be at least 80% of the highest unit price it has ever reached, irrespective of what might happen to the underlying investment. This ensures that, at all times, the investment has some protection against adverse market conditions.

## Investment Philosophy

The Sanlam Escalating Diversified Wealth Builder invests proportionally in 3 unit trusts funds (SIM Balanced Fund, Coronation Balanced Plus Fund and Allan Gray Balanced) and the balance is allocated to cash. When the performance of the unit trust funds decrease, the percentage allocated to cash will increase. When the performance of the unit trust funds increase, the percentage in cash will decrease”

## Technical Fund Information

<b>Launch Date</b>	March 2015
<b>Portfolio Managers</b>	Sanlam Structured Solutions (SSS)
<b>Total Expense Ratio</b>	1.69%

## Mandatory disclosure

The information contained in this document does not constitute advice by Sanlam. Whilst every attempt has been made to ensure the accuracy of the information contained herein, Sanlam cannot be held responsible for any errors that may occur. Sanlam does not guarantee that the investment fund will produce returns equal to the specified benchmarks. The benchmark is only a mark against which the success or skill of the underlying fund manager is evaluated. Past performance cannot be relied on as an indicator of future performance. Investment performance will depend on the growth in the underlying instruments, whose value may move up or down because of various factors including the financial market environment and exchange rate movements. Your Sanlam plan performance will differ from the returns indicated in this document due to charges, fees, taxes as detailed in your plan contract. The overall impact of charges and fees in your plan is indicated by the Effective Annual Cost (EAC) measure, which is disclosed in your Sanlam product documentation.
