2. INTRODUCTION

Sanlam Life Insurance Limited (SL) is committed to ensuring that all business is conducted in accordance with the standards of good corporate governance.

Accordingly, the manner in which SL conducts business, is based on integrity and ethical and equitable behaviour.

This policy aims to emphasise the interests of all stakeholders by minimising and managing all actual or potential conflicts of interest.

3. OBJECTIVE

Consumerism has led to regulatory measures that have been developed to protect the interests of consumers, including the FAIS General Code of Conduct and the Financial Institutions (Protection of Funds) Act (No. 28 of 2001) which is directed towards, *inter alia*:

- the duties of persons dealing with the funds of clients and financial institutions;
- observing the utmost good faith and exercising proper care and diligence with regard to the funds of such clients and institutions; and
- ensuring a consistent manner of dealing with conflicts of interest and the disclosure thereof.

One of the consequences of implementing this legislation is that consumers will be exposed to fewer conflicts of interest and where such conflicts have been identified, (but could not be avoided) these would be effectively mitigated (managed), and adequate disclosure would have been made to all impacted parties.

The objective of the SL Conflict of Interest (COI) Policy is to provide a framework within which to address areas where conflicts of interest may arise, and to also align with the principles of TCF (and the responsibilities that are placed on SL. It aims to establish broad principles and guidance, and it prescribes processes that are essential to ensuring compliance with the Code of Ethical Conduct applicable to SL as well as other regulatory measures (e.g. the FAIS Act and TCF Outcomes).

In conjunction with the Code of Ethical Conduct, this policy aims to promote transparency and fairness in the interest of consumers, employees, providers and Sanlam Life Insurance Limited.

4. POLICY STATEMENT

Whilst the Group COI policy sets the high level standards for Sanlam, SL has formulated and implemented detailed measures to proactively ensure compliance with these standards, having due regard for the specific business environment within which SL operates.

This policy is related to and must be read with the Code of Ethical Conduct, the SGFCCP and the Sanlam Group Policy on the Giving and Receipt of Gratifications.

This policy applies to all employees, third parties where applicable and, associates as defined.

1. **Legislative requirements**

In terms of the General Code of Conduct (issued in terms of FAIS), the following requirements are set for managing conflicts of interests that may be created between an FSP and his/her client:

“Conflict of interest” – This means any situation where an FSP or representative has an actual or potential interest (financial¹ or otherwise) that may influence the objective exercise of his/her obligations to a client. The focus is on any relationship (e.g. with a product provider) that would prevent such a person from offering unbiased and fair advice (or intermediary service) or from acting in the interest of a client.

- Principle based requirement
The following principle applies:

“A provider or a representative must avoid and where this is not possible mitigate any conflict of interest between the provider and a client or the representative and a client.”

- Rule based requirement

¹ **“Financial Interest”** – means any cash, cash equivalent, voucher, gift, service, advantage, benefit, discount, domestic or foreign travel, hospitality, accommodation, training, sponsorship, other incentive or valuable consideration, other than an ownership interest.

An FSP is not allowed to offer Brokers (and they are not allowed to receive) any financial interest other than:

- a. Statutory commission and fees;
- b. Fees applicable to the investment industry as agreed to by the client;
- c. Fees for rendering a service to a third party (this provides for outsourcing arrangements, e.g. back office services rendered in the collective investments environment);
- d. Immaterial financial interest². The focus is on the immateriality of the financial interest that is given, but is subject to an overall maximum amount of R1000 in a calendar year per annum; and
- e. Financial interest for which the Broker pays a fair value.

2. General intention of the regulations

The general intention of the regulations is to eradicate the opulence that business courtesies have been known to create. Normal business courtesies (as indicated by the examples used in this document) are still acceptable provided they fall within the limitations set out below.

3. Application of immaterial financial interest

In terms of the definition of “immaterial financial interest”, the amount of R1000 would apply to a “provider who is a sole proprietor”, (i.e. a Key Individual who is also a representative), a representative of an FSP who stands to benefit, and an FSP who may benefit or all or some of its representatives.

It would follow that the limitation of the R1000 amount is aimed at providers (FSP`s) and their representatives. As the FSP may also be a legal entity, it would follow that such reference would include the Key Individuals (in their capacity as representatives) linked to such providers.

This can be illustrated by way of an example: A corporate brokerage who is an FSP may have 100 representatives. The limitation on providing “immaterial financial interests” is limited to a R1000 per individual (and does not apply to the aggregation of 100 representatives (100 X R1000 for the FSP). This means that you cannot multiply the R1000 by the 100 representatives and regard this as an immaterial financial interest that accrues to the FSP.

In a Sanlam Group context, this would mean that all “providers” and “product suppliers” (who are not also FSP`s) would be entitled to justify the expenses related to “immaterial financial interests” limited to R1000 per FSP (or representative). In practical terms this would allow Sanlam Life (as an FSP) to spend a maximum of R1000 per broker on “immaterial financial interests” in a calendar year. Similarly Glacier and Sanlink (who are also FSP`s, would be able to likewise. The same would apply to SCI (who is a product supplier but does not have a FSP licence.)

The R1000 limitation will be aggregated in instances where there are various divisions within an FSP – (e.g. SIM (Pty) Ltd is the FSP, but SIM Global, SPE

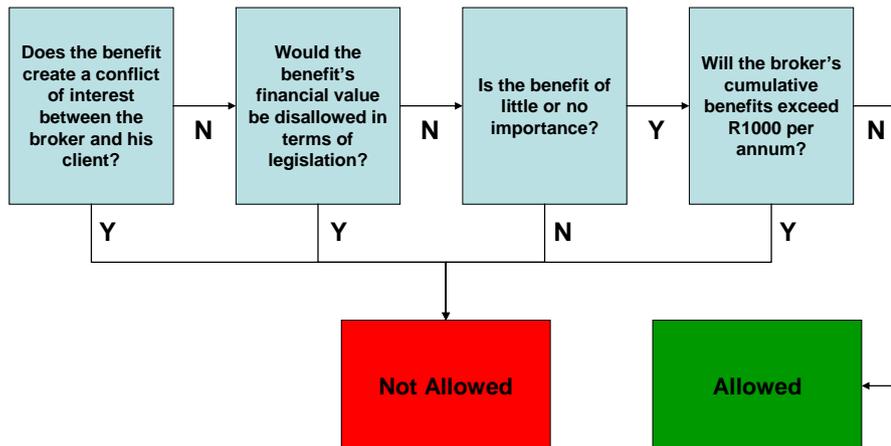

² “Immaterial Financial Interest” – means any financial interest with a determinable monetary value, the aggregate of which does not exceed R1 000 in any calendar year, received by a provider or its associate, or representative from the same third party or an associate of that third party in that calendar year.

and SSS are all divisions of SIM). The same would apply to Cobalt, being a division within Sanlam Life.

The requirements in Board Notice 58 of 2010 apply to all relationships between the FSP and other FSP's, product suppliers and representatives, in respect of services rendered in South Africa but regardless of whether they are domiciled in South Africa or internationally.

4. Framework for decision making

The following decision-tree is suggested as a guide to assist in deciding whether a specific benefit is allowable:

5. Providing explanatory product specific marketing material to brokers

TCF places an obligation on SL to ensure that clients are fully informed about the products before they decide to enter into a contractual agreement with SL. As SL makes use of both in-house advisers (“representatives”) and brokers to distribute its products, access to such product related marketing material is not regarded as creating a conflict of interest when such material is provided to brokers to provide to current or potential clients.

6. Specific guidance

a. Extending Invitations to brokers

i. Golf Invitations

An invitation to a broker to attend a golf game is acceptable, and is not viewed as creating an unallowable conflict of interest. The limitation is however that this may only include reasonable expenses to be paid for by the FSP. Reasonable expenses would be linked to the specific circumstances of an event, but always limited to an overall maximum amount of R1000 per calendar year. As such an invitation falls within the definition of an allowable financial interest, this would need to be recorded and will be subject to the R1000 pa immaterial financial interest limit.

ii. Sporting and similar events

As part of its normal marketing activities, companies within the Sanlam Group may at times host (or be asked to participate in) a

charity event (e.g. sponsoring a golf event or hole). When an FSP invites brokers to play (as part of the benefits afforded to the FSP for its sponsorship), this is not regarded as creating an unallowable conflict of interest. The limitation set out in (a) (i) above applies.

iii. Invitations to cultural events

The same limitation as set out in (a)(i) above applies.

b. Hosting Events for brokers

i. Golf Day

Hosting a golf day for brokers is regarded as creating an unallowable conflict of interest.

ii. Hunting/fishing

Hosting a social trip for brokers is regarded as creating an unallowable conflict of interest.

c. Inviting brokers to conduct a “due diligence” visit to Sanlam Head Office

Inviting brokers (and their managers) to interact with SL head office staff is not regarded as an unallowable conflict of interest. The limitation would however be that no travel or accommodation costs may be paid for by the FSP. Normal business courtesies (linked to reasonable expenses) would be allowable, but would be subject to the overall maximum of R1000 per annum in any calendar year.

d. Providing brokers with non-technical promotional marketing material to conduct promotional projects

Providing brokers with a complimentary supply of Sanlam specific branded material to conduct his/her own promotional activities (not regarded as being product specific), is regarded as creating an unallowable conflict of interest.

Providing marketing material to brokers at the normal distribution price is acceptable.

(Bear in mind that providing free promotional material and including this as an “immaterial financial interest” is not allowed.)

e. Providing brokers with a Sanlam diary (or other date-linked items)

Providing a broker with a diary is not regarded as creating an unallowable conflict of interest. The cost of such a diary should however be included in the calculation of “immaterial financial interest” (in relation to such a broker).

f. Hosting product seminars

An FSP (who is also a product provider) may invite its clients to a function where its products are explained. At such a function the FSP is the host, and sends out invitations to its clients (and prospective clients).

Brokers may request the product provider to send invitations to his/her clients, but the guest list remains the sole responsibility of the product

provider. The FSP (product provider) may provide reasonable refreshments to its clients (and prospective clients) at such functions.

g. Personal gifts of nominal value

Providing a supporting broker with a gift of a nominal value at special occasions e.g. at the end of the year, at birthdays, anniversaries is allowed provided that the cost of such gift should be included in the calculation of "immaterial financial interest".
