10. Terms and conditions

Sanlam Group is a full member of the Association for Savings and Investment SA (ASISA).

10.1 About Hedge Fund Unit Trusts

- When you invest in a hedge fund unit trust (also called a collective investment scheme), your money is pooled with the money of other investors. This pool of money is used to buy a portfolio of assets, such as shares (equities), bonds or listed property. As an investor, the value of the units you own is calculated by taking the number of units you own and multiplying them by the latest ruling price per unit. Forward pricing is used. Details of what each fund invests in, as well as its risk profile and other disclosures that may be applicable to the fund, are specified in the Minimum Disclosure Documents.
- The price per unit goes up and down according to the value of the underlying assets in the relevant portfolio. Neither your capital nor the return of your investment is guaranteed for any hedge fund unit trust investment. For information on unit trusts, hedge funds and how they work, along with our full range of funds and the relevant Minimum Disclosure Documents and Upfront Disclosure Documents, please visit our website at www.sanlamhedgefunds.com or alternatively you can call us on +27 (21) 916 6910.
- When you complete this form, you apply to buy units in the hedge funds of your choice in line with the Trust Deed and mandate of the relevant funds. The Minimum Disclosure Documents and the Upfront Disclosure Documents explain how each fund invests and what applicable fees will be charged.
- Unit trusts are generally medium to long-term investments. Past performance is not necessarily a guide to future performance. Unit trusts are traded at ruling prices and may engage in borrowing and scrip lending. Unit trust prices are calculated on a net asset value basis, which is the total value of all assets in the portfolio, including any income accrual, less any permissible deductions from the portfolio and divided by the units in the portfolio.
- If funds are deposited on a Saturday, Sunday or public holiday, investors will receive the value of the next available price.
- A fund of hedge funds is a portfolio that invests in portfolios of collective investment schemes, which levy their own charges. This could result in a higher fee structure for the fund of hedge funds.
- Sanlam Collective Investments takes full legal responsibility for the co-branded portfolios.
- Portfolios that invest in international investments, or investments in foreign securities, could be accompanied by additional risks as well as potential limitations on the availability of market information.
- Income payment(s) will only be paid out to a client's bank account if the investment transactions used to purchase units have been cleared by the bankers on the income reinvestment date. If the units have not cleared, income payment(s) will automatically be reinvested.

10.2 Fees and charges

- A schedule of fees and charges and maximum commissions is available on the Minimum Disclosure Documents and Upfront Disclosure Documents :
- The following charges are levied against the portfolio: brokerage, auditors' fees, performance fees, service fees, applicable taxes, custodian fees, bank charges, trustees' fees and trailer fees (trailer commission is paid by Sanlam to financial advisers on a monthly basis; it forms part of the annual service charge, which is a fixed percentage per annum that is calculated daily and deducted from the accrued income in the portfolio).
- These fees are charged to the client: Sanlam manager's fees as well as broker advice fees.
- Obtain a personalised cost estimate before investing by visiting www.sanlamunittrustsmdd.co.za and using our Effective Annual Cost (EAC) calculator. Alternatively, contact your relationship manager or phone us at +27 (21) 916 6910.
- Commission and incentives may be paid and if so, will be included in the overall costs.
- The fund manager may borrow up to 10% of the portfolio to bridge insufficient liquidity.
- The client will be liable for any bank charges incurred as a result of a deposit being rejected by the bank.
- Contained within the TER are expenses that relate to the investment management fee, the service costs and performance fee. Performance fees are calculated by comparing the annual return of the Fund and Performance Fee Benchmark which is set in the Fund Minimum Disclosure Documents. Performance fees will only be charged if the Fund return is in excess of the performance Fee Benchmark. All fees are accrued daily in the Net Asset Value (NAV) of the Fund.

10.3 Transaction cut-off times

- We can only process your instruction once we have received the correct and accurately completed form and the required supporting documents. If an instruction is issued incorrectly, is unclear, incomplete, or if the supporting documents are not received by the cut-off time, the processing of the transaction will be delayed.
- Please make sure you send us your completed instruction (including supporting documents) before the transaction cut-off time. The SA business day transaction cut-off times for our funds are:
 - Daily 14:00 for all daily priced hedge funds
 - Last business day of the month at 14:00 for all monthly priced Hedge Funds
- Please note that notice periods may apply to certain funds. Notice periods of 30 days are applicable to monthly priced funds.
- Your transaction will be priced using the ruling price of the fund for the day the transaction is processed i.e. the day we receive all of the required information if the fund is priced daily. For funds priced monthly, your transaction will be priced using the ruling price of the fund for the month in which the transaction is processed. Any loss will be for the investor's account.
- Any interest earned on:
 - money deposited for investment in a fund after the specified cut-off time,
 - incorrect deposits or,
 - Deposits for applications with outstanding requirements, will not be paid to the client as we are unable to transfer the money in the fund(s) portfolio account.

10.4 Conflict of interest

All actual and potential Conflicts of Interest are managed, reported and disclosed in line with the Managers Conflicts of Interest and Outsourcing Policy which is available on request, or on the Sanlam website www.sanlamhedgefunds.com

10.5 Ownership, information security and instructions

- The legal owner of the investment is the person in whose name the investment is registered, regardless of who the payer is.
- We will only release information to, and act on instructions from, the investor, the authorised signatory or the appointed financial intermediary.
- We permit ring fencing for large withdrawals in terms of Notice 573 of the Collective Investment Schemes Act. Ring fencing is the separation of assets and the delayed sale of units in a unit trust fund. A large sale of units in a unit trust fund, above certain thresholds, may cause ring fencing. This ensures that the sale of a large number of units will not force us to sell the underlying investments at a price in the market which could have a negative impact on other investors. If your sell instruction is affected by this ring fencing, we will contact you to discuss the process, where applicable.
- Monthly priced hedge funds may take up to 90 days to liquidate sufficient cash in the portfolio for large redemption payments.

10.6 Unclaimed assets and how they affect you

- As a member of the Association for Savings and Investment SA (ASISA), we follow ASISA's Unclaimed Assets standard. An unclaimed asset is any unit trust investment on which there have been no transactions for ten years, or in the case of a deceased estate, more than three years have passed since we have received the notice of death. Our policy is to continue reinvesting all income distributions (interest) and redemption payments until the unit trust is sold, regardless of the time frame.
- According to ASISA's Unclaimed Assets standard, we follow a process of tracing investors or beneficiaries on any unclaimed assets. Any reasonable administrative and costs incurred to trace the investor may be recovered from the value of the portfolio, thereby reducing the value of your investment. Tracing will cease where the value of the unit trust investment is less than R1000 and the costs of tracing exceeds the benefit of tracing. More information on the ASISA Standard on Unclaimed Assets and the processes is available on www.asisa.org.za or from our client service centre on +27 (21) 916 6910.
- Please note that to prevent your investment becoming an unclaimed asset, it is your responsibility to inform us of any change in your personal information.

10.7 Update your personal details

It is your responsibility to keep us informed of any changes in your banking details, personal information or current identification information (e.g. change of address, change of surname and contact details). If any of your details have changed, you will need to complete an Investor Details Update form available from www.sanlamhedgefunds.com

Disclaimer

Sanlam Group is a full member of the Association for Savings and Investment SA. Collective investment schemes are generally medium to long-term investments. Please note that past performances are not necessarily an accurate determination of future performances, and that the value of investments / units / unit trusts may go down as well as up. A schedule of fees and charges and maximum commissions is available from the Manager, Sanlam Collective Investments (RF) Pty Ltd, a registered and approved Manager in Collective Investment Schemes in Securities. Additional information of the proposed investment, including brochures, application forms and annual or quarterly reports, can be obtained from the Manager, free of charge. Collective investments are traded at ruling prices and can engage in borrowing and scrip lending. Collective investments are calculated on a net asset value basis, which is the total market value of all assets in the portfolio including any income accruals and less any deductible expenses such as audit fees, brokerage and service fees. Actual investment performance of the portfolio and the investor will differ depending on the initial fees applicable, the actual investment date, and the date of reinvestment of income as well as dividend withholding tax. Forward pricing is used. The Manager does not provide any guarantee either with respect to the capital or the return of a portfolio. The performance of the portfolio depends on the underlying assets and variable market factors. Investments in derivative instruments entail specific risks that may increase the risk profile of the Collective Investment Schemes and are more fully described in the Collective Investment Scheme's Minimum Disclosure Document. Performance is based on NAV to NAV calculations with income reinvestments done on the exdiv date. Lump sum investment performances are quoted. The portfolio may invest in other unit trust portfolios which levy their own fees, and may result in a higher fee structure for our portfolio. All the portfolio options presented are approved collective investment schemes in terms of Collective Investment Schemes Control Act, No 45 of 2002 ("CISCA"). International investments or investments in foreign securities could be accompanied by additional risks as well as potential limitations on the availability of market information. The Manager has the right to close any portfolios to new investors to manage them more efficiently in accordance with their mandates. The portfolio management of all the portfolios is outsourced to financial services providers authorized in terms of the Financial Advisory and Intermediary Services Act, 2002.
