Sanlam World Equity Fund
Satrix Emerging Markets Equity Tracker Fund
Satrix Europe Excluding UK Equity Tracker Fund
Satrix Global Factor Enhanced Equity Fund
Satrix North America Equity Tracker Fund
Satrix UK Equity Tracker Fund
The Fund will invest in financial derivative instruments ("FDI") for investment, efficient portfolio management and hedging purposes. It is not the intention for the Fund to be leveraged by its use of FDI.

This Supplement forms part of and should be read in conjunction with the Prospectus dated 9 March 2021 (the “Prospectus”) and the latest audited financial statements of the Company.

The Directors of the Company, whose names appear in the “Directors of the Company” section of the Prospectus, accept responsibility for the information contained in the Prospectus and this Supplement. To the best of the knowledge and belief of the Directors (who have taken all reasonable care to ensure that such is the case) such information is in accordance with the facts and does not omit anything likely to affect the import of such information. The Directors accept responsibility accordingly.

Words and expressions defined in the Prospectus, unless the context otherwise requires, shall have the same meaning when used in this Supplement.

Date: 24 November 2021

Investment Objective and Policies

Investment Objective

The investment objective of the Fund is to provide income with the possibility of long-term growth from capital appreciation.

Policy and Guidelines

The Fund, which is actively managed, will invest primarily in debt and money market securities listed or traded on Recognised Exchanges set out in Appendix I of the Prospectus. Subject to the limits set out in the "Investment Restrictions" section of the Prospectus, the Fund may also invest in private placement debt (which are liquid transferable securities) and money market securities and securities issued under the US Securities and Exchanges Commission’s Rule 144A. The Fund may also hold cash deposits.

The Fund’s investment policy will not be subject to any restrictions on category of issuer, currency of denomination or duration, other than the following:

1. a limit of 15% of the Net Asset Value of the Fund that may be invested in securities of issuers in countries considered to be emerging markets by the Manager;

2. no investment in securities denominated in South African Rand or issued by the Republic of South Africa or other South African issuers provided that investment may be made in securities of companies incorporated in South Africa but which are not denominated in South African Rand provided South African exchange control requirements applicable to the Fund or its investors permit.

The securities held by the Fund may include any form of securitised debt, redeemable or fixed income security, including securities issued on a ‘when issued’ or delayed delivery basis. Examples of securities that may be held by the Fund are asset and mortgage backed securities, preference shares and convertible debt, strips (i.e. bonds which are separated into their principal and coupon components and each piece is sold separately) and zero and stepped (coupon rate increases or decreases over time) coupon securities, but this list should not be taken as exhaustive.

The Fund may also invest indirectly in such securities through holdings in UCITS funds domiciled in a Member State and other open-ended collective investment schemes that satisfy the requirements of the Central Bank, such as Guernsey Class A Schemes, Jersey Recognised Funds and Isle of Man Authorised Schemes, including other schemes managed by the Manager or its affiliates. Investment in units of UCITS or AIFs will be limited to collective investment schemes which adhere to similar restrictions as those applying to the Company and its Funds. Investment in such collective investment schemes may not exceed 20% of the Net Asset Value of the Fund, subject to a maximum of 10% in any one collective investment scheme.

The Fund may, for efficient portfolio management purposes, investment and hedging, also use the FDI set out under the “Efficient Portfolio Management” section below.

The Fund shall measure its performance relative to a benchmark index (the Bloomberg Barclays Global Aggregate Index) (the "Benchmark Index") for reference or investor communication purposes, including in the Company’s annual and half-yearly reports. This Benchmark Index is also the reference portfolio for the purposes of the relative VaR for global exposure calculation for risk management purposes. The Fund shall be managed in reference to this Benchmark Index to the extent that the VaR of the Fund shall not exceed twice the VaR of the reference portfolio to ensure global exposure of the Fund does not exceed 100% of the Fund’s Net Asset Value under normal market conditions. Accordingly, debt and money market securities into which the Fund invests shall be listed or traded on a regulated market in countries contained within the Benchmark. In normal market conditions the Fund can be expected to closely match the performance of the Benchmark Index, however, since the Fund does not seek to fully replicate the Index, the Investment Manager will aim to maintain a tracking error of 3% against the Benchmark Index.
Notwithstanding the 'use' of the Benchmark Index by the Investment Manager, the Fund is actively managed on the basis the Investment Manager will use its discretion to invest in companies not included in the Benchmark Index or which have different weightings to those included in the Benchmark Index in order to take advantage of specific investment opportunities.

The Benchmark Index is a flagship measure of global investment grade debt from twenty-four local currency markets. This multi-currency benchmark includes treasury, government-related, corporate and securitized fixed-rate bonds from both developed and emerging markets issuers.

**Risk Management**

The Manager on behalf of the Fund has filed with the Central Bank its risk management policy which enables it to accurately measure, monitor and manage the various risks associated with the use of FDI. The Manager will, on request, provide supplementary information to Shareholders relating to the risk management methods employed, including the quantitative limits that are applied and any recent developments in the risk and yield characteristics of the main categories of investments. As set out in the risk management policy, the Manager will use the relative VaR approach for the purposes of calculating global exposure. The Fund will not be leveraged as a result of its use of FDI.

When calculating the VaR of the Fund, the Investment Manager will take into account the following quantitative standards:

(a) The confidence level will be 99%;

(b) The holding period will be 20 days;

(c) The historical observation period will not be less than 1 year, however a shorter observation period may be used if justified, (e.g. as a result of significant recent changes in price volatility);

(d) Stress tests should measure any potential major depreciation of the Fund’s value as a result of unexpected changes in the relative value parameters. The stress tests must be appropriate for analysing potential situations in which the use of FDI would bring about a loss. Stress tests must be carried out at least once a month and results documented; and

(e) The quality of the VaR model forecasts must be demonstrated by means of a comparison between the potential market risk amount calculated by the model and the actual change in the value of the portfolio (back-testing). If the latter exceeds the former on more occasions than should be envisaged using the stated confidence interval, the Fund should take prompt and appropriate action. The frequency of such back-testing should be appropriate to the risk profile of the Fund.

**Investment Restrictions**

The general investment restrictions contained in the "Investment Restrictions" section of the Prospectus shall apply. In addition, the following investment restriction shall apply to the Fund:

1. At least 90% of the debt securities will have a minimum credit rating of BBB- or Baa3 (as rated by Standard & Poor's, Moody's or Fitch).

2. At least 90% of the money market instruments will have a minimum credit rating of A2 or P2 or F2 (as rated by Standard & Poor's, Moody’s or Fitch).

3. Short selling of securities is not permitted.

4. The Fund may not be geared or leveraged through investment in any security.

5. Over the counter FDI (except for forward currency transactions, currency (exchange rate) swaps,
index swaps, inflation swaps and interest rate swap transactions) are not permitted.

6. The Fund will not invest in securities that compel the Fund to accept physical delivery of a commodity.

**Efficient Portfolio Management**

Subject to the Investment Restrictions above, the Fund may use the following instruments for the purpose of efficient portfolio management namely spot and forward currency contracts, options on securities, indices and currencies, index swaps, inflation swaps, interest rate swaps, futures and options on futures and when-issued and forward commitment securities and may enter into Securities Financing Transactions in the form of securities lending arrangements and repurchase/reverse repurchase arrangements subject to the conditions and within the limits laid down by the Central Bank. Currency hedging may be undertaken to reduce the Funds’ exposure to the fluctuations of the currencies in which the Funds’ assets may be denominated against the Base Currency of the Fund. The Fund may employ techniques and instruments for protection against exchange risks (including foreign exchange transactions which alter the currency characteristics of transferable securities held by the Fund) and to alter the currency exposure characteristics of transferable securities in accordance with the conditions and limits set down by the Central Bank. The purpose of investing in these instruments is to hedge against exchange rate risk to which the Fund may otherwise be exposed or, in the case of securities lending arrangements, to generate additional income for the Fund with an acceptably low level of risk.

Although not the intention, hedging at the Share class level may result in over-hedged or under-hedged positions due to factors outside the control of the Fund. However, hedged positions will be kept under review to ensure that over hedged positions will not exceed 105% of the Net Asset Value of the relevant share class and that positions in excess of 100% will not be carried forward from month to month. The costs and gains/losses of the hedging transactions will accrue solely to the relevant class and may not be combined or offset against the exposures of other share classes or specific assets.

The Fund may employ techniques and instruments for protection against interest rate and inflation rate risks through the use of inflation swaps which operate in a similar way to an interest rate swap except that an inflation swap is an agreement negotiated between two parties to exchange payments at a fixed or floating rate in return for payments based on realised inflation over the relevant period. Similarly, the Fund may use index swaps to manage the Fund’s interest or inflation rate exposure with the price of the swap linked to the price of a given interest rate index such as SOFR or equivalent or an inflation index such as the UK CPI or equivalent.

Further details on the requirements relating to such transactions and the Collateral Policy for the Fund is contained in the Prospectus.

**SFDR information**

For the purposes of Article 6 of SFDR, the Manager, in consultation with the Investment Manager, has made a determination based on the Fund’s investment strategy that Sustainability Risks are not currently relevant to the investment decisions being made in respect of the Fund and has further determined that Sustainability Risks are currently not likely to have a material impact on the returns of the Fund. The investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

**Profile of a Typical Investor**

The Fund is suitable for retail and institutional investors who are looking to achieve long-term capital growth. Investment in the Fund should be viewed as a medium to long term investment and therefore investors would be expected to have a reasonable tolerance for medium volatility of Net Asset Value from time to time.

**Listing**

The Class A Shares, Class B Shares and Class C Shares issued in respect of the Fund have been
admitted to listing on the Official List and to trading on the Global Exchange Market ("GEM") of Euronext Dublin.

No application has been made for the Class E (USD) Shares and Class E (GBP) Shares of the Fund to be admitted to listing on the Official List and trading on the Global Exchange Market ("GEM") of Euronext Dublin.

Effective 27 November 2017, the listing of the Class A Shares, Class B Shares, Class C Shares in the Fund was transferred from the Main Securities Market to the Global Exchange Market ("GEM") of the Irish Stock Exchange.

GEM is not a “regulated market” as defined under the Directive on Markets in Financial Instruments 2014/65/EU.

Neither the admission of the Shares to listing on the Official List and trading on the Global Exchange Market of Euronext Dublin nor the approval of this Supplement pursuant to the listing requirements of Euronext Dublin shall constitute a warranty or representation by Euronext Dublin as to the competence of service providers to or any other party connected with the Fund, the adequacy of information contained in this Supplement or this Prospectus or the suitability of the Fund for investment purposes.

As at the date of this Supplement, no Director nor their spouses nor their infant children or any person closely associated have any interest in the Shares of the Fund or any options in respect of such capital.

As at the date of this document the Fund does not have any loan capital (including term loans) outstanding or created but unissued or any outstanding mortgages, charges, debentures or other borrowings or indebtedness in the nature of borrowings, including bank overdrafts, liabilities under acceptance (other than normal trade bills) or acceptance credits, hire purchase or finance lease commitments, guarantees or other contingent liabilities which are material in nature.

**Investment Allocation Manager**

The Manager has appointed Sanlam Investments UK Limited to act as Investment Allocation Manager of the Fund. Sanlam Investments UK Limited is a company incorporated under the laws of the United Kingdom and having its registered office at Monument Place, 24 Monument Street, London, EC3R 8AJ, United Kingdom. Sanlam Investments UK Limited provides investment management and advisory services to collective investment schemes and is regulated by the Financial Conduct Authority.

**Investment Manager**

The Manager will appoint one or more investment managers to the Fund following an analysis and research process conducted by the Investment Allocation Manager in which factors such as investment style, philosophy, fundamental research orientation, track record, level of expertise and financial stability are evaluated. Acting on the advice of the Investment Allocation Manager, the Manager may from time to time appoint additional investment managers to the Fund, replace an existing investment manager or vary the proportion of the assets of the Fund allocated to each investment manager to manage on its behalf.

The investment managers currently appointed to the Fund are:

**AllianceBernstein Limited**

AllianceBernstein Limited ("AllianceBernstein") is authorised and regulated by the UK Financial Conduct Authority. AllianceBernstein Limited is a company incorporated under the laws of England and Wales having its registered office at 50 Berkeley Street, London, W1J 8HA, United Kingdom. AllianceBernstein Limited is ultimately a wholly owned subsidiary of AllianceBernstein LP. The firm provides investment management services to institutional clients and a range of funds including UCITS. These services include global, regional and sector-specific strategies and a wide range of asset classes, including equity, multi-asset, alternative and specialist fixed-income.
Cameron Hume Limited

Cameron Hume Limited ("Cameron Hume") is a company incorporated under the laws of Scotland and has its registered office at Exchange Place 1, 1 Semple Street, Edinburgh, EH13 0JB. Cameron Hume has assets under management of US$750m and specialises in providing fixed-income investment management services to large and sophisticated institutional clients, principally pension funds and insurers. Cameron Hume is regulated by the Financial Conduct Authority.

Sanlam Investments UK Limited

Sanlam Investments UK Limited (the "Sanlam Investments UK") is a company incorporated under the laws of the United Kingdom having its registered office at Monument Place, 24 Monument Street, London, EC3R 8AJ, United Kingdom. Sanlam Investments UK is regulated by the Financial Conduct Authority.

Western Asset Management Company Limited

Western Asset Management Company Limited ("Western Asset Management") is a company incorporated under the laws of England and Wales having its registered office at 10 Exchange Square, Primrose Street, London, EC2A 2EN, United Kingdom. Western Asset Management is regulated by the UK Financial Conduct Authority and specialises in providing investment advice and investment management services in investing in fixed income investments to institutional investors, such as corporate pension plans, mutual funds (including UCITS) and endowment funds, as well as to individual investors.

Borrowings

In accordance with the general provisions contained in the “Borrowing and Lending Powers” section of the Prospectus, the Fund may borrow up to 10% of its Net Asset Value on a temporary basis. Such borrowings are permitted only to meet the Fund’s obligations in relation to (i) the administration of the Fund relating to purchase or sale transactions; and/or (ii) the redemption or cancellation of Shares in the Fund. Borrowings in relation to (i) above are only permitted for a period of up to 8 calendar days, and 61 calendar days in respect of (ii) in order to comply with the South African Financial Sector Conduct Authority and to allow for the Fund to be distributed to South African retail investors. However, at all times borrowings on behalf of the Fund will be in accordance with the Regulations and the requirements of the Central Bank.

Risk Factors

The risk factors set out in the “Risk Factors” section of the Prospectus apply to the Fund. In addition, the following risk factors apply to the Fund:

Segregated Liability between the Funds

Liabilities of one sub-fund of the Company will not impact on nor be paid out of the assets of another sub-fund of the Company. While the provisions of the Companies Act 2014 provide for segregated liability between sub-funds, these provisions have yet to be tested in foreign courts, in particular, in satisfying local creditors’ claims. Accordingly it is not free from doubt that the assets of any sub-fund may be exposed to the liabilities of other sub-funds of the Company. As of the date of the Prospectus the Directors are not aware of any existing or contingent liability of any sub-fund of the Company.

Political and/or Regulatory Risks

The value of the Fund’s assets may be affected by uncertainties such as international political developments, changes in government policies, changes in taxation, restrictions on foreign investment and currency repatriation, currency fluctuations and other developments in the laws and regulations of
countries in which investment may be made. Furthermore, the legal infrastructure and accounting, auditing and reporting standards in certain countries in which investment may be made may not provide the same degree of investor protection or information to investors as would generally apply in major securities markets.

Settlement and Clearing Risk

The trading and settlement practices on some of the exchanges or markets on which the Fund may invest may not be the same as those in more developed markets of western Europe and the United States. In particular, some or all of the following additional risks may be associated with settlement and clearing of securities transactions in emerging market countries. These additional risks include delays experienced in repatriation of sales proceeds due to local exchange controls, an uncertain legal and regulatory environment and the possibility that bargains may be settled by a free delivery of stock with payment of cash in an uncollateralised manner. That may increase settlement and clearing risk and/or result in delays in realising investments made by the Fund.

Depositary Risk

Local custody services in some of the emerging market countries in which the Fund may invest may not be the same as those in more developed market countries and there is a transaction and custody risk involved in dealing in such markets.

Emerging Markets

Investing in emerging markets involve additional risks and special considerations not typically associated with investing in other more established economies or securities markets. Such risks may include (i) increased risk of nationalisation or expropriation of assets or confiscatory taxation; (ii) greater social, economic and political uncertainty, including war; (iii) higher dependence on exports and the corresponding importance of international trade; (iv) greater volatility, less liquidity and smaller capitalisation of securities markets; (v) greater volatility in currency exchange rates; (vi) greater risk of inflation; (vii) greater controls on foreign investment and limitations on repatriation of invested capital and on the ability to exchange local currencies for US dollars; (viii) increased likelihood of governmental decisions to cease support of economic reform programmes or to impose centrally planned economies; (ix) differences in auditing and financial reporting standards which may result in the unavailability of material information about issuers; (x) less extensive regulation of the securities markets; (xi) longer settlement periods for securities transactions and less reliable clearance and custody arrangements; (xii) less protection through registration of assets and (xiii) less developed corporate laws regarding fiduciary duties of officers and directors and protection of shareholders.

Legal Risk

Legal risk is the risk of loss due to unexpected application of a law or regulation, or because contracts are not legally enforceable or documented correctly in the context of FDI.

Risks associated with FDI

While the prudent use of FDI can be beneficial, FDI also involve risks different from, and in certain cases greater than, the risks presented by more traditional investments. Where the Fund enters into swap arrangements and derivative techniques, they will be exposed to the risk that the counterparty may default on its obligations to perform under the relevant contract. In the event of a bankruptcy or insolvency of a counterparty, the Fund could experience delays in liquidating the position and may incur significant losses. There is also a possibility that ongoing derivative transactions will be terminated unexpectedly as a result of events outside the control of the Manager, for instance, bankruptcy, supervening illegality or a change in the tax or accounting laws relative to those transactions at the time the agreement was originated. In accordance with standard industry practice, it is the Manager’s policy to net exposures of the Fund against its counterparties.

Efficient Portfolio Management Risk
The Company on behalf of the Fund may enter securities lending arrangements and/or repurchase/reverse repurchase agreements for efficient portfolio management purposes. Investors should be aware that from time to time, the Fund may engage with repurchase/reverse repurchase agreements counterparties and/or securities lending agents that are related parties to the Depositary or other service providers of the Company. Such engagement may on occasion cause a conflict of interest with the role of the Depositary or other service provider in respect of the Company. Please refer to the section entitled "Portfolio Transactions and Conflicts of Interest" in the Prospectus for further details on the conditions applicable to any such related party transactions. The identity of any such related parties will be specifically identified in the Company’s semi-annual and annual reports.

**Reinvestment of Cash Collateral Risk**

As the Fund may reinvest cash collateral received, subject to the conditions and within the limits laid down by the Central Bank, the Fund will be exposed to the risk associated with such investments, such as failure or default of the issuer of the relevant security.

**Securities Lending Risk**

There are risks associated with the Fund engaging in securities lending. As with any extensions of credit, there are risks of delay and recovery. Should the borrower of securities fail financially or default in any of its obligations under any securities lending transaction, the collateral provided in connection with such transaction will be called upon. A securities lending transaction will involve the receipt of collateral. However there is a risk that the value of the collateral may fall and the Fund suffer loss as a result.

**Dividend Policy**

It is the Directors’ current intention not to distribute the profits of the Fund derived from its investments. All such profits shall be reinvested in the Fund.

The Manager has obtained UK "reporting fund" status in respect of the Class E (GBP) Shares. In broad terms a "reporting fund" is an offshore fund that meets certain upfront and annual reporting requirements to HM Revenue & Customs and its Shareholders. Once reporting fund status is obtained from HM Revenue & Customs for the relevant classes it will remain in place permanently, provided the annual requirements are complied with. UK Shareholders who hold their interests in the Class E (GBP) Shares at the end of the reporting period to which the reported income relates, subject to their personal circumstances, will normally be liable to either income tax or corporation tax on the higher of any cash distribution paid and the full reported amount. The reported income will be deemed to arise to UK Shareholders on the date the report is issued by the Company.

Investors should refer to their tax advisors in relation to the implications of these Share classes obtaining such status and any payment of dividends. Please see the section entitled "United Kingdom" under the "Taxation" section of the Prospectus for further details.

Any amendment to the dividend policy will be provided for in an updated supplement and Shareholders will be notified in advance.

**Key Information for Buying and Selling**

It is intended that Class A Shares, Class B Shares, Class C Shares and Class D Shares in the Fund will be made available for subscription to investors in South Africa and in certain of the Member States. However, the Class E (USD) Shares and Class E (GBP) Shares in the Fund shall only be made available for subscription to Sanlam Global Funds plc or any other collective investment scheme as the Manager may determine from time to time and notify to the Administrator and the Depositary.

The Directors are entitled to limit the number of Shares of the Fund repurchased on any Dealing Day to Shares representing 10 per cent of the total Net Asset Value of Shares of the Fund in issue on that Dealing Day.
However, the Directors will not limit the number of Shares repurchased in the Fund on any Dealing Day in this manner.

**Base Currency**

US Dollars

**Business Day**

Any day (except Saturday or Sunday) on which the banks in Dublin are open for business and such other days as the Directors may, with the consent of the Depositary, determine and notify in advance to Shareholders.

**Dealing Day**

Any Business Day.

**Dealing Deadline**

In respect of a Dealing Day, 4.00 p.m. (Irish time) on the Business Day immediately preceding a Dealing Day.

**Minimum Shareholding**

The Manager may, in its absolute discretion, waive or reduce the amounts set out above under Minimum Shareholding and Minimum Initial Investment Amount.

**Minimum Additional Investment Amount**

None

**Preliminary Charge**

5% of the Net Asset Value per Share (plus VAT, if any) in respect of the Class A Shares. The Company may waive in whole or in part the Preliminary Charge. No Preliminary Charge will be charged in respect of Class B, Class C, Class D, Class E (USD) Shares and Class E (GBP) Shares.
Repurchase Fee

Up to 3% of the Net Asset Value per Share (plus VAT, if any) in respect of Class B, Class C Class E (USD) Shares and Class E (GBP) Shares Shares. The Company may waive in whole or in part the Repurchase Fee. No Repurchase Fee will be charged in respect of Class A Shares and Class D Shares.

Settlement Date

In the case of applications, close of business on the Business Day preceding the relevant Dealing Day (or up to four Business Days after the relevant Dealing Day as may be permitted by the Manager at its absolute discretion). In the case of repurchases, four Business Days after the relevant Dealing Day or, if later, four Business Days after the receipt of the relevant duly signed repurchase documentation.

Valuation Point

Midnight (South African time) on each Dealing Day.

Charges and Expenses

Fees of the Manager, the Investment Allocation Manager, any Investment Transition Manager, the Depositary, the Administrator, the Investment Managers and the Distributors.

The Manager will be entitled to receive from the Company an annual fee of 1.00% of the Net Asset Value of the Class A Shares, 0.75% of the Net Asset Value of the Class B Shares, 0.60% of the Net Asset Value of the Class C Shares and 0.50% of the Net Asset Value of the Class D Shares. The Manager is not entitled to any fee in respect of the Class E (USD) Shares and Class E (GBP) Shares. These fees will accrue and be calculated on each Dealing Day and be payable monthly in arrears. The Manager will be responsible for all its own out of pocket costs and expenses.

The Manager will pay out of its fees, the fees and expenses of the Investment Allocation Manager, the Distributors and the fees of the Investment Managers.

In respect of the administration services, the Administrator will be entitled to receive out of the assets of the Fund an annual fee which will not exceed 0.025% of the Net Asset Value of the Fund, plus US$20,000 per annum and US$20,000 for each additional Investment Manager (where there is more than one Investment Manager) (plus VAT if any) in the performance of its duties as Administrator of the Fund. These fees shall accrue and be calculated on each Dealing Day and shall be payable monthly in arrears. The Administrator shall be entitled to be reimbursed out of the assets of the Fund all agreed transaction charges (which will be charged at normal commercial rates).

The Depositary will be entitled to receive from the Company out of the assets of the Fund an annual trustee fee which will not exceed 0.02% of the Net Asset Value of the Fund (plus VAT, if any) together with reasonable costs and expenses incurred by the Depositary in the performance of its duties as Depositary of the Fund. These fees shall accrue and be calculated on each Dealing Day and shall be payable monthly in arrears. The Depositary shall also be entitled to be reimbursed out of the assets of the Fund all agreed safekeeping fees, expenses and all agreed transaction charges (which will be charged at normal commercial rates).

The cost of establishing the Fund, obtaining authorisation from any authority, regulatory or other body, listing the Shares on Euronext Dublin, filing fees and the preparation and printing of this Supplement, marketing costs and the fees of all professionals relating to it, which are estimated not to exceed €25,000 will be borne by the Fund and amortised over the five years following the first issue of Shares in the Fund.
This section shall read in conjunction with the section entitled “Charges and Expenses” in the Prospectus.

**Material Contracts**

**Investment Management and Advisory Agreement**

The Investment Management and Advisory Agreement dated 1 January 2011 as amended between the Manager and Sanlam International Investments Limited, as novated by a Deed of Novation, dated 20 July 2015, between the Manager, Sanlam International Investments Limited and Sanlam Investments UK Limited (formerly Sanlam FOUR Investments UK Limited) provides that the appointment of Sanlam Investments UK Limited will continue in force unless and until terminated by the Manager giving not less than 30 days’ written notice to Sanlam Investments UK Limited or by Sanlam Investments UK Limited giving not less than 90 days’ written notice to the Manager although in certain circumstances the Agreement may be terminated forthwith by notice in writing by either party; the Agreement contains certain indemnities in favour of the Manager arising by reasons of the fraud, bad faith, negligence or wilful default of Sanlam Investments UK Limited in the performance or non-performance of its duties.

**Investment Management Agreements**

The Investment Management Agreement dated 24 November 2021 between the Manager and AllianceBernstein Limited provides that the appointment of AllianceBernstein Limited will continue in force unless and until terminated by the Manager on giving not less than 30 days’ written notice to the Investment Manager or by AllianceBernstein Limited giving not less than 90 days’ written notice to the Manager. However, in certain circumstances the Agreement may be terminated without a minimum period of notice by either party. The Agreement limits the liability of AllianceBernstein Limited to the Manager to losses arising by reason of the fraud, bad faith, negligence, wilful default or wilful misfeasance by AllianceBernstein Limited in the performance or non-performance of its duties. The Agreement also provides that AllianceBernstein Limited shall indemnify the Manager to the extent that any claims, costs, direct damages, direct losses or reasonable expenses are attributable to the fraud, bad faith, negligence, wilful default or wilful misfeasance by AllianceBernstein Limited in the performance or non-performance of its duties.

The Investment Management Agreement dated 2 October 2013 between the Manager and Cameron Hume Limited provides that the appointment of Cameron Hume Limited will continue in force unless and until terminated by the Manager on giving not less than 30 days’ written notice to the Investment Manager or by Cameron Hume Limited giving not less than 90 days’ written notice to the Manager. However, in certain circumstances the Agreement may be terminated without a minimum period of notice by either party. The Agreement limits the liability of Cameron Hume Limited to the Manager to losses arising by reason of the fraud, bad faith, negligence, wilful default or wilful misfeasance by Cameron Hume Limited in the performance or non-performance of its duties. The Agreement also provides that Cameron Hume Limited shall indemnify the Manager to the extent that any claims, costs, direct damages, direct losses or reasonable expenses are attributable to the fraud, bad faith, negligence, wilful default or wilful misfeasance by Cameron Hume Limited in the performance or non-performance of its duties.
