Use or rely on this information at your own risk. Independent professional financial advice should always be sought before making an investment decision. Independent Financial advice should be sought, as not all investments are suitable for all investors. Collective Investment Schemes (CIS) are generally medium to long term investments. The value of participatory interests may go down as well as up and past performance is not necessarily a guide to the future performance. The Manager does not provide any guarantee either with respect to the capital or the return of a portfolio. Fluctuations or movements in exchange rates may cause the value of underlying investments to go up or down.

The performance calculated for the portfolio, and the investor performance may differ as a result of initial fees, the actual investment date, the date of reinvestment and dividend withholding tax. NAV to NAV figures are used. Calculations are based on a lump sum investment.

The Manager has the right to close any Portfolios to new investors to manage them more efficiently in accordance with their mandates. Collective investments are traded at ruling prices and can engage in borrowing and scrip lending.

The fund price is calculated on a net asset value basis, which is the total value of all assets in the portfolio including any income and expense accruals. Trail commission and incentives may be paid and are for the account of the manager. Performance figures quoted are from CURO are shown net of fees.

Performance figures for periods longer than 12 months are annualized. The information include in this fact sheet does not constitute financial advice. Sanlam Asset Management is a registered business name of Sanlam Asset Management (Ireland) Limited.
