#### Total Investment Costs (TIC)

| Total Expense Ratio (TER) | Transaction Costs (TC) | Total Investment Charges (TER + TC) |
|---------------------------|------------------------|-------------------------------------|
| 0.90%                     | 0.15%                  | 1.05%                               |

The TER was incurred as expenses relating to the administration of the Financial Product. The TC was incurred as costs relating to the buying and selling of the assets underlying the Financial Product. The TIC was incurred as costs relating to the investment of the Financial Product. A higher TER does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER may not necessarily be an accurate indication of future TER's.

The TER shown above is based on the highest fee tier where applicable and is calculated as at 31 December 2023.

Figures are lagged by three months.
